

Ambassador window

Features a die-cut window that shows partial content of the first printed page of the document.

Bindomatic[®] Ambassador hard covers feature a textured outer surface and black matte interior liner/paper.

They can be personalized further by foil stamping or embossing. All covers come with a strip of glue in the spine and pre-scored hinges in front and back.

Ambassador on demand

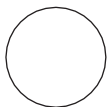

Features a debossed area to fit a label that you create/print. Die-cut labels are included so you can design your own unique label using the software of your choice (Word, PPT, Photoshop, etc.) and print with any printer that is certified to handle normal label paper.
